

Is your newborn having a hearing screen or is your baby or child going for a diagnostic hearing test?

The **What? Why? Children in Hospital (WWCIH)** charity makes videos to show what happens in hospital.

Watching the newborn hearing screen or hearing test videos can help parents and carers prepare for their visit to hospital. It will also help to answer some of the questions you might have.

Please note that the actual tests might vary from what is shown in the videos.
Contact the hospital if you have concerns about your baby's appointment.
